## Bookable Items and Rooms

The department uses an online booking system for all bookable equipment and rooms. The tables in 1.1 and 1.2 show all bookable stock items and rooms depending on year group. 3rd years (i.e. those on placement) aren't able to book on the system and, should they need to book anything while on placement, are encouraged to email DMM Stores or a technician who will arrange the booking with them.

Information correct as of September 28, 2023.

### 1.1 Stock

Table 1.1: Camcorders

Asset Name	Asset Description	Year 1	Year 2	Year 4
Panasonic UX Kit	Kit includes- AG-UX180 Camera Panasonic battery charger Panasonic power supply 1x 32Gb SD memory card, Shotgun mic w/pistol grip, Headphones, XLR cable.	✓	✓	✓

## VOI 2

# Room Guides

### 2.1 Television Studio

#### Startup and Shutdown Procedure

These steps are for a part startup and shutdown. The TV Studio Technical Manager should be contacted for full startup and shutdown as there is critical infrastructure for DMM in the TV Studio. The shutdown process is the same as the startup procedure but in reverse.

#### TAR

1. In the middle of the centre rack Power on MDU 4. This will turn on the CCUs.

Figure 2.1: CCU MDU

2. Underneath the CCU's, power on the MDU for the Sony vision mixer.

Figure 2.2: Vison Mixer MDU

#### PCR (Front Row)

1. In the rack closest to the Technical Apparatus Room (TAR), turn on the vision mixer panel.

Figure 2.3: Vison Mixer Panel

2. At the bottom of that rack, turn on the speaker amp.
3. Turn on any monitors that aren't on.

Figure 2.4: Speaker Amp

#### **PCR (Back Row)**

1. At the engineering position (far left), reach through the empty rack and switch on the mains switch on the rear panel to the right of the rack.

Figure 2.5: Rear Desk Power Switch

#### **SCR**

1. Behind the computer monitor to the right of the mixing desk, power on the sequential MDU. This will turn on all equipment in the room on sequentially to prevent any current overload or loud pops coming through the speakers.

Figure 2.6: Sound Control Room (SCR) Sequential MDU

#### **VCR**

1. Switch on the lighting desk using the power button on the rear right of the desk.
2. Switch on the lighting monitor.
3. Switch on the vision engineering monitor.
4. Switch on the TV using the remote.
